A Directors’ kit containing information about the Company, Memorandum and Articles of Association, Annual Reports for previous 2 years, extract of Listing Regulations containing powers, roles and responsibilities of the Board and various Committees, various Codes and Policies, latest financial results, recent Media Releases etc is handed over to the new director. The appointment letter issued to Independent Directors, *inter alia*, sets out the expectation of the Board from the appointed director, their fiduciary duties and the accompanying liabilities that come with the appointment as a director of the Company. Operational and financial information of the Company are shared with the directors on their appointment to familiarise them with the business and regulatory environment in which the Company operates.

Periodic presentations are made at the Board and Board Committee Meetings, on business and performance updates of the Company, global business environment, business strategy and risks involved. Updates on relevant statutory changes are presented to the Board and Board Committees.

Each director of the Company has complete access to any information relating to the Company. Independent Directors have the freedom to interact with the Company’s management. They are given all the documents sought by them for enabling a good understanding of the Company, its various operations and the industry segments of which it is a part. Further, they meet without the presence of the Company’s Management Personnel to discuss matters pertaining to the Company’s affairs and put forth their combined views to the Management.
